

FLOWERS AND PLANTS
INSPIRE BETTER BUSINESS

ideas

Want the cutting edge in today's highly competitive business market?

Research conducted at Texas A&M University shows that flowers and plants are a vital workplace tool.

The study demonstrates that in workplace environments with flowers and plants:

- Idea generation, creative performance and problem-solving skills improve substantially.
- Both men and women become more innovative thinkers.
- Men generate a greater number of ideas, and women find fresh approaches to problem solving.

Call us today for office and lobby décor, client gifts of appreciation, and employee rewards and recognition designed to keep your business a cut above the competition.
